Rules of Engagement

IMU Video Group - Jack, Sahand, Alexander

Supervisor: Jonas Willén

General

- All group members will work professionally and respectfully.
- The workload will be shared equally, with flexibility as required.
- Each group member is expected to understand the overall project, including the work completed by other members.

Communication and Decision Making

- The primary communication channel will be a group WhatsApp, to be used consistently throughout the semester.
- Messages should be seen and acknowledged within 24 hours during weekdays, with communication and agreement occurring should weekend work be required.
- Meetings will occur weekly, with minutes and attendance recorded and a time set for the next meeting.
- Decisions will be made by consensus where possible, with majority decision applying in cases of non-consensus.
- Major changes to the project must be discussed and agreed by all members.
- Communication with Jonas will occur over email, with most meetings happening via Zoom.

Tasks and Deadlines

- All tasks will be clearly assigned with agreed reasonable deadlines.
- When its time for an official submission, all group members will be available unless otherwise organised.
- If an internal deadline cannot be met communication must happen as soon as possible.
- All tasks and deadlines will be recorded in both the meeting minutes.

Quality and Integrity

- All work completed will meet course requirements and KTH academic integrity standards.
- Feedback regarding work completed will be constructive and provided in an appropriate way that focuses on improving the final project.

Document Handling

- Meeting minutes will be taken for every meeting including attendance, meeting agenda and assigned tasks.

- Meeting minutes and other progressive documentation will be stored in a shared and dated Journal file (Shared Word Document).
- Work will be done in one GitHub repository with split branches for private working and public availability.

Issues

- Issues within the group will be raised early and discussed respectfully. If unresolved, issues can be escalated to the project supervisor with full group awareness.

Full group agreement is required for any changes to this document.
